## Alexandria Gazette

WEDNESDAY EVENING, JANUARY 18.

**A NEW RATING AND CATASTROPHE.**—The practice of eating snow and ice, so common among the school children, is a fruitful cause of asthma. The hard pane which forms the roof of the mouth also forms the door of the nostrils, and is not thicker than post-board. The chilling effect of snow and ice brought fresh in contact with this thin partition, the upper covering of which is a sensitive seeling membrane, made up mostly of the blood vessels and nerves, produces congestion, often succeeded by chronic inflammation. As a consequence, snow and ice eating boys and girls have "cold's in the head" and running noses.—*Troy Press*.

**A GREAT YEAR NOVEMBER.**—This being leap year, surprises are in order, and Fayette furnishes a very sensible hint of one. Upon the marriage of their daughter, the other day, the old folks took leave or absence for a wedding tour and left the young folks comfortably at home to keep house.—*Voice letter*.

**PHENOMENON.**—We have purchased over 5,000 yards of flannel flaking at a great bargain, and will sell it for one week under its value. Call and see them at

I. EICHENBERG'S.

**BLACK CASHMERE.**—Tunics and Heirloom cloth just opened a new line at
